Explanation, Features and Development of Student Academic Dashboard

Student Name: Ekansh (Roll No: 26001039) | **Branch:** B.Tech – CSM (1st Semester) | **College:** DR. RVR NRI Institute of Technology

1. Introduction

The given code is used to develop a **Student Academic Dashboard** (`03-student.html`) for **Ekansh (Roll Number: 26001039)**, a first-year B.Tech student specializing in **Computer Science and Machine Learning (CSM)** at **DR. RVR NRI Institute of Technology, Vijayawada, Andhra Pradesh**, for the Academic Year 2026–2027.

The website is created using **HTML5 and CSS3**. It presents a comprehensive student portal featuring a welcome greeting, 4 numerical metric overview cards, a 6-item student profile grid, 5 subject performance cards, structured tables for internal marks, attendance reports, and assignments with color-coded status badges, a complete class timetable, and academic notices.

The dashboard uses a clean professional gray and light-blue theme (`#f5f6f8` background, `#ffffff` panels, `#e8eef7` welcome banners, and `#334e73` navy accents). It is built with CSS Flexbox (`display: flex`), basic CSS Grid (`grid-template-columns: 1fr 1fr 1fr 1fr` and `1fr 1fr 1fr`), and responsive media queries to ensure seamless rendering across desktop monitors, tablets, and mobile smartphones.

2. Explanation of the Code

The dashboard is developed using two main front-end web technologies: **HTML** and **CSS**.

A. HTML (HyperText Markup Language)

HTML is used to structure the academic dashboard elements, navigation jump links, metric overview cards, profile items, subject grids, data tables, and notices. The main HTML elements used in `03-student.html` are:

HTML Element	Purpose in Ekansh's Student Academic Dashboard
`<!DOCTYPE html>`	Declares the document as an HTML5 webpage.
`<html lang="en">`	Defines the root element and English language setting of the document.
`<head>, <meta>`	Contains charset settings, viewport responsive scaling, and the internal `<style>` block.
`<title>`	Sets the browser tab title to *"Student Academic Dashboard"*.
`<body>`	Contains all visible dashboard sections and footer credits.
`<header>`	Displays the main portal title (`Student Academic Dashboard`) and institutional affiliation (`DR. RVR NRI Institute of Technology`).
`<nav>, <a>`	Provides the top navigation bar with anchor links to `Dashboard` , `Profile` , `Subjects` , `Marks` , `Attendance` , `Assignments` , `Timetable` , and `Notices` .
`<main class="container">`	Centers and constrains all dashboard content within a maximum width of 1200px.
`<section>`	Organizes the dashboard into distinct semantic modules for each academic report.
`<div>`	Groups elements for card grids, welcome banners, profile grids, subject grids, and panels.
`<h1>, <h2>, <h3>`	Displays portal headers, section titles (`.section-title`), and card headings.
`<table>, <tr>, <th>, <td>`	Creates structured data tables for Marks Report, Attendance Report, Assignments Tracker, and Class Timetable.
`<span class="status">`	Displays color-coded assignment status badges (`submitted` , `progress` , `pending`).
`<footer>`	Displays student credentials, roll number, branch, semester, and academic year at the bottom of the portal.

B. CSS (Cascading Style Sheets)

CSS is used to control the academic color scheme, typography, Flexbox navigation, CSS Grid card layouts, table styling, and responsive mobile adaptation. The important CSS properties used in `03-student.html` are:

CSS Property	Purpose in Ekansh's Student Academic Dashboard
`margin & padding`	Resets default spacing on `body`, headings, and paragraphs, and controls internal box padding across cards and panels.
`background-color`	Sets dashboard background (`#f5f6f8`), panel surfaces (`#ffffff`), welcome banners (`#e8eef7`), and profile items (`#f5f7fa`).
`color`	Defines text colors for main text (`#333333`), headings (`#334e73`), card subtitles (`#606b78`), and numeric values.
`display: flex`	Arranges navigation links horizontally in the top `<nav>` bar using `flex-wrap: wrap` and `gap: 20px`.
`display: grid`	Arranges overview cards (`1fr 1fr 1fr 1fr`), profile items (`1fr 1fr 1fr`), and subject cards (`1fr 1fr 1fr`) into clean columns.
`border-collapse: collapse`	Combines table cell borders into clean single lines across all four dashboard tables.
`.alt-row`	Applies alternating row background shading (`#f8f9fb`) on even table rows to improve table readability.
`Status Badge Colors`	Styles assignment statuses with soft background fills: Green (`#e2f3e8`), Yellow (`#fff1d6`), and Red (`#fbe5e5`).
`border-left: 3px solid`	Adds left accent indicator bars (`#879bb8`) to academic notice boxes in the Notices & Reminders module.
`border-radius`	Rounds corners of cards, panels, profile boxes, and status badges (`4px` to `8px`).
`:hover pseudo-class`	Underlines navigation links and shifts text color to dark navy (`#334e73`) on hover.
`@media (768px & 600px)`	Switches grids to 2 columns on tablets (`768px`) and 1 column on mobile screens (`600px`), adjusting padding and font sizes.

3. Features of the Website

1. Header, Navigation Bar & Welcome Module (#dashboard)

Displays the top portal title (`Student Academic Dashboard — DR. RVR NRI Institute of Technology`), an 8-link navigation bar, a personalized welcome greeting (*"Welcome, Ekansh! — Branch: CSM | Semester: 1st Semester"*), and four numerical metric cards: **Total Subjects** (`5`), **Average Attendance** (`90.2%`), **Average Marks** (`43/50`), and **Assignments Submitted** (`3/5`).

2. Student Profile Section (#profile)

Presents a structured 6-item profile grid (`grid-template-columns: 1fr 1fr 1fr`) displaying verified student details: Name (**Ekansh**), Roll Number (**26001039**), College (**DR. RVR NRI Institute of Technology**), Branch (**CSM**), Semester (**1st Semester**), and Academic Year (**2026–2027**).

3. My Subjects Overview Grid (#subjects)

Displays 5 subject cards for **Python Programming** (44/50, 89%), **Computational Mathematics** (42/50, 92%), **Web Development** (47/50, 87%), **Professional Communication** (43/50, 95%), and **CTLR** (39/50, 88%).

4. Academic Reports & Assignments Tracker (#marks, #attendance, #assignments)

Provides structured HTML tables with `.alt-row` zebra striping for Internal Marks, Attendance percentages, and Assignment deadlines with color-coded status badges (`Submitted` , `In Progress` , `Pending`).

5. Daily Class Timetable (#timetable), Notices (#notices) & Footer

Displays the 6-period schedule from 9:20 AM to 4:25 PM (including short breaks and lunch break), three academic reminder boxes with left accent borders, and student footer credits.

4. Development of the Website

The Student Academic Dashboard is developed through the following systematic steps:

Step 1: Create the HTML file — Create a file named `03-student.html`. Define the HTML5 document structure and build the header, navigation bar, welcome banner, 4 overview metric cards, profile grid, subject cards, 4 data tables (Marks, Attendance, Assignments, Timetable), notices, and footer.

Step 2: Add CSS styling — Inside the `<head>` section, add a `<style>` block setting the neutral gray background (`#f5f6f8`), white card surfaces (`#ffffff`), navy heading colors (`#334e73`), border styles, and status badge background colors.

Step 3: Design Flexbox & CSS Grid layouts — Use Flexbox (`display: flex`) for the navigation bar and basic CSS Grid (`grid-template-columns: 1fr 1fr 1fr 1fr` and `1fr 1fr 1fr`) for the overview cards (`.cards`), profile grid (`.profile-grid`), and subject cards (`.subject-grid`).

Step 4: Build structured HTML tables — Create clean HTML tables for marks, attendance, assignments, and timetable using `border-collapse: collapse` and apply `class="alt-row"` on even rows for alternating shading.

Step 5: Make the dashboard responsive — Add `@media (max-width: 768px)` and `@media (max-width: 600px)` queries to collapse grid columns into 2 columns on tablets and 1 column on smartphones, while adjusting padding and table font sizes.

Step 6: Test the website — Open `03-student.html` in a web browser. Verify section jump navigation, `.alt-row` table shading, status badge colors, and mobile screen responsiveness.

5. Website Folder Structure

Keep the project files organized in your local directory and GitHub repository as shown below:

```
Ekansh-Student-Dashboard/ ├── 03-student.html # Student Academic Dashboard webpage and internal CSS ├── 01-portfolio.html # Project 01: Ekansh Personal Portfolio Website ├── 02-college.html # Project 02: DR. RVR NRI College Website & Admissions ├── README.md # GitHub repository documentation and project guide └── Student_Dashboard_Documentation.pdf # Complete explanation, features, output, and code PDF
```

6. Technologies Used

Technology	Usage
HTML5	Creates the semantic academic modules, profile grid, data tables, and notices.
CSS3	Controls the professional gray and navy color palette, typography, borders, and spacing.
CSS Grid & Flexbox	Arranges navigation links, overview metric cards, profile items, and subject cards into clean columns.
HTML Tables & Badges	Structures marks, attendance, assignments, and timetable data with `.alt-row` shading and status badges.
Responsive Media Queries	Adapts grid columns (`768px` and `600px`), header padding, container widths, and table font sizes.
Web Browser	Renders and runs the static academic dashboard directly on any device.

The dashboard is a static front-end web application. It uses standard HTML5 tables, Flexbox, and CSS Grid for layout flexibility and runs instantly in any modern web browser without requiring a backend database.

7. Advantages of the Website & 8. Conclusion

1. Provides Ekansh with a centralized portal to view all 1st-semester academic data in one place.
2. Displays key academic statistics (attendance, marks, assignments) instantly via overview cards.
3. Organizes student profile details (Roll No: 26001039, CSM branch) in a clean 3-column grid format.
4. Tracks internal marks and attendance percentages across all 5 semester subjects.
5. Uses color-coded status badges (`Submitted` , `In Progress` , `Pending`) for clear deadline tracking.
6. Includes a detailed daily class timetable (9:20 AM to 4:25 PM) and academic reminders built strictly with syllabus-aligned HTML5 and CSS3.

9. Output (Part 1 — Welcome, Overview Cards, Profile & Subjects)

Below is the rendered browser output of the top sections of `03-student.html`:

Student Academic Dashboard

DR. RVR NRI Institute of Technology

Dashboard Profile Subjects Marks Attendance Assignments Timetable Notices

Welcome, Ekansh!

Welcome to your student academic dashboard.

Branch: CSM | Semester: 1st Semester

Dashboard Overview

Total Subjects	Average Attendance	Average Marks	Assignments Submitted
5	90.2%	43/50	3/5
Current semester subjects	All subjects above 85%	Sample internal marks	Sample assignment statuses

Student Profile

Name: Ekansh	**Roll Number:** 26001039	**College:** DR. RVR NRI Institute of Technology
Branch: CSM	**Semester:** 1st Semester	**Academic Year:** 2026–2027

My Subjects

Python Programming Internal Marks: 44/50 Attendance: 89%	**Computational Mathematics** Internal Marks: 42/50 Attendance: 92%	**Web Development** Internal Marks: 47/50 Attendance: 87%
Professional Communication Internal Marks: 43/50 Attendance: 95%	**CTLR** Internal Marks: 39/50 Attendance: 88%	

Attendance Report

S.No.	Subject	Classes Attended	Total Classes	Attendance
1	Python Programming	40	45	89%
2	Computational Mathematics	46	50	92%
3	Web Development	39	45	87%
4	Professional Communication	38	40	95%
5	CTLR	44	50	88%

9. Output (Part 2 — Marks, Assignments, Timetable, Notices & Footer)

Below is the rendered browser output of the tables, timetable, notices, and footer in `03-student.html`:

Marks Report

S.No.	Subject	Marks Obtained	Maximum Marks	Performance
1	Python Programming	44	50	Good
2	Computational Mathematics	42	50	Good
3	Web Development	47	50	Excellent
4	Professional Communication	43	50	Good
5	CTLR	39	50	Good

Assignments

S.No.	Subject	Assignment	Due Date	Status
1	Python Programming	List Methods and Programs	30 Oct 2026	Submitted
2	Computational Mathematics	Problem Solving Worksheet	2 Nov 2026	In Progress
3	Web Development	HTML and CSS Website	4 Nov 2026	Submitted
4	Professional Communication	Communication Skills Report	6 Nov 2026	Pending
5	CTLR	Unit 1 Assignment	9 Nov 2026	Submitted

Class Timetable

Period	Time	Subject
1st Period	9:20 AM – 10:10 AM	Subject to be added
2nd Period	10:10 AM – 11:00 AM	Subject to be added
Break	11:00 AM – 11:10 AM	Short Break
3rd Period	11:10 AM – 12:00 PM	Subject to be added
Lunch Break	12:00 PM – 1:10 PM	Lunch
4th Period & 5th Period	1:10 PM – 3:10 PM	Subject to be added
6th Period	3:25 PM – 4:25 PM	Subject to be added

Notices & Reminders

Assignment Reminder
Check assignment deadlines and complete pending work on time.

Attendance Reminder
Maintain good attendance in every subject throughout the semester.

Examination Reminder
Revise all subjects regularly and prepare your notes before examinations.
